

VBHS Credit Recovery Accessibility for Minority Students

1.19 Ensure African American students who have not met course requirements for graduation are participating in "in- school" credit recovery classes to recover failed core courses and raise grade point averages to meet graduation requirements.

- Strategic credit recovery offered during the day to assist African American student graduation.
- After school credit recovery offered with transportation provided.
- Counselors assign classes based off graduation requirements.
- Laptops handed out district wide for students with no computer access at home.
