

Sebastian Elementary

Data Review Form

Subject		Teacher	
Grade Level		Meeting Date	
School	Sebastian Elementary		

Data analysis and reflection for teachers to consider about data results:

Unit Assessment # _____ Date _____	
Unit Assessment percentage _____	
Identify the lowest 2-3 performing standards/Questions	
Of the lowest performance standards, identify those in the higher reporting categories.	
Which questions did a large percentage of students answer incorrectly? Why do you think this happened?	
Identify and list students for the lowest performing questions who scored below proficiency. (Possible Tier 2 grouping)	

Standing Dates: **1st Wednesday of the Month ELA & 1st Thursday of the Month Math**
Review, identify, develop meaningful action plans for specific student needs based on any current Unit Assessment results

Sebastian Elementary

For the above students, identify and list those who scored below 50% on all or most of the questions. (Possible Tier 3 grouping)
