Awards Ceremonies 2019-2020 (updated 5-22-20)

1.36

Rosewood Teachers and Staff are expected to recognize all students for their academic successes. When recognition ceremonies are held, staff members and grade levels are required to report the number of students receiving recognitions by award and ethnicity to administration prior to the ceremony to ensure that there is an equitable representation of students.

End of year awards ceremonies:

May 2020 Awards - some revisions due to online learning.

(This year's awards will look different due to online learning. We have limited awards going home in most grade groups due to current circumstances.)

Every student receives at least one award or end of the year celebration type of recognition.

Kindergarten - Character awards – all students will get one.

First grade - End of year 'memories' video – all students will get one.

Second grade – Fifth grade – they will be submitting their list of awards next week once grades are completed.

- ❖ Break down by subgroup will be added once all grades are entered next week (May 28th) and awards are completed. This will be added to the district survey.

We do shout – outs throughout the year as students do well in reading, character, efforts and behaviors. Teachers send names throughout the year and we do a shout out on the morning announcements. This is not tracked at this time. We will begin to track these for next school year. We have been continuing to share shout outs through our online announcements daily.
