State specified Pathway Assessment: Dual Enrollment & High School GPA

Post Graduate: Upon completion of 30 credit hours, students qualify for scholarship to obtain AA.*

Students completing the AA Degree will qualify for scholarship to complete BA Degree in Teaching.*

*Additional qualifications must be made

Summary: A committee of Jason Keeler, Shawn O'Keefe, Dariyall Brown, and Colleen Lord met to discuss initial plans for a Teaching Academy. Given the restraints in a CTE program, dual enrollment which currently exist in both high school, was determined to be the best option for a Teaching Academy.

A meeting was held May 19, 2020, with Indian River State College, high school principals, and myself to determine the path to be taken by our students in the Teacher Academy for Secondary Students. The draft of the pathway is attached. Further articulation to finalize the plan, for implementation in 2020-21 will take place in June 2020.
