Develop and implement a curriculum matrix that integrates African American History teachings in grades K-12 that is included in the curriculum map.

Evidence:**

The curriculum coordinator at the school is working in conjunction with administration to develop in-house professional development for integrating African American History across disciplines.

**Results of Action

The curriculum coordinator is creating an in-house professional development workshop, which all faculty will attend. The workshop is based on a guide provided by the Southern Poverty Law Center entitled "Teaching Hard History" (SPLC Teaching Hard History). This literature covers ten key concepts of slavery which help unpack this difficult subject in an enlightening way which encourages dialogue.

**Reflection:**

This professional development workshop is tentatively scheduled for 12/02/20.
