These students will be receiving tier two and three interventions which have been scheduled and started for all students in school, transitional and virtual programs.

**Results of Action Taken:** TBD-These actions will be reviewed during the upcoming Data Chats on October 5th, and during individual data chats scheduled in October/November.

**Reflection:** The barrier we are facing is connected to our students in the Virtual program. Scheduling and connecting with our student populations has been a work in progress. We will continue to share out our plan with teachers and staff to ensure they are connected to our African American Achievement Plan.
