and Description:
(If more than one
action step is
evidenced here,
please include all
action step #'s and
a brief description
of each.)

Action Step 1.4 - Targeting Reading Intervention

Monitor elementary school principals to ensure that African American students who are not kindergarten ready per the Florida Kindergarten Readiness Screener (FLKRS), or who show a substantial deficiency in reading in grades K-2 per i-Ready, targeted reading intervention as defined by the district reading plan.

Nothing new to submit since October 20 submission, as 8 week timeline is not complete.

Explanation of Evidence:

Target Intervention groups according to beginning of the year assessments such as Dibels, and i-Ready results.

Results of Action Taken:

According to the data collected, the attachment shows the students showing substantial deficiency in Reading and are receiving a Reading Intervention group based on their biggest barrier (see groupings on next pages). Each student was reviewed, regardless of their race to see what was needed to bridge the gaps of learning. When needed, referrals for problem solving with the MTSS team take place to analyze progress and the biggest barrier to create an intervention that is progress monitored. When a Tier 2 or Tier 3 intervention is created, it will be progress monitored and then data is reviewed to discuss progress.
