

## African American Achievement Plan Evidence of Progress Monitoring

School District of Indian River County  
#SDIRCStrongerTogether

**Date:** 10/5/2020

**School/Department:** Glendale Elementary

**Action Step  
(number and  
description):** 1.6 Extended Learning Opportunities for Remediation and Enrichment

**Evidence of Progress Monitoring  
(Please include  
narrative/description  
of the action taken.  
Where applicable,  
please include all  
measurable data.)**

Glendale Elementary School is currently running the following extended learning opportunities for students at Glendale; GEER grant in Kindergarten and Third grade and an afterschool session working with 1st grade students enrolled in the aftercare program. We will be starting Glendale University focusing on our 5th grade bottom quartile students in both reading and math. GEER data will be collected and uploaded at the conclusion of the session which currently ends on October 24th.

**Results of Action Taken:** TBD-These actions will be reviewed during the upcoming Datacom on October 16th, and during individual data chats scheduled in October/November. We will also look at ongoing Unify Assessments for our 5th grade students.

**Reflection:** Glendale University has always focused around our 3rd, 4th and 5th grade students and will look to expand this as we recruit more teachers for these opportunities. The goal for these should always connect to the data, it also needs to be engaging and connected to our vision of Science and Engineering.
