After school busses have been funded by SAC (September 17, 2020 meeting) to begin on October 6, 2020 for students to begin to stay after school for tutoring and clubs. Additionally, the A2 initiative has begun where students are pulled for one on one academic support. These students have been identified through FSA and iReady data. Attached are the announcements which are also posted on the website including information about after school busses. This will be on the announcements for the first few week of October with reminders on Mondays

**Results of Action  
Taken:** Students are receiving tutoring based on their specific needs through the A2 initiative and students will have the opportunity to stay after school for remediation and enrichment with transportation provided.

**Reflection:** We hope to see an increase in academic achievement through data such as quarter grades, FSA, unit assessments and iReady
