Action Step # and Description: 1.6 Extended Learning Opportunities
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: Using iReady Diagnostics and other schoolwide data collection (FLKRS, DIBELS, Running Records), students were determined that needed additional remediation. Data meetings placed students into Tier 2 and Tier 3 interventions. Additionally, students were selected to be invited to additional remediation in two after-school extended learning opportunities: Moonshot Learning and Title-1 Tutoring. Attached to this document is a list of students targeted for after-school extended learning opportunities.

Results of Action Taken: Moonshot Learning has already begun. Title-1 Tutoring begins on Monday, October 12th. Students are receiving additional learning opportunities after school with two staff members coordinating each one.

Reflection: After reflecting on this item as team, we compared the numbers of students targeted for extended learning opportunities by ethnicity. The school is 65% White, 18% Hispanic, 11% Black, 5% Other, and 1% Asian. Students targeted for extended learning opportunities are 60% White (-5%), 24% Hispanic (+7%), 11% Black, 4% Other (-1), and 0% Asian (-1). We have a nearly exact correlation with Black and Other students. Our white students are lower (-5%) and Hispanic are higher (+7%). We will continue to look at our students to ensure that we are correctly identifying students equitably.
