

Evidence of Progress Monitoring
School District of Indian River County
#SDIRCStrongerTogether

Date: 10/11/2020

School/Department: Vero Beach Elementary

**Action Step #
and Description:**
**(If more than one
action step is
evidenced here,
please include all
action step #'s and a
brief description of
each.)**

Action Step 1.6-

Ensure that the District provides African American students the opportunity to participate in extended learning opportunities for remediation and enrichment. These opportunities will be communicated to parents and guardians.

**Explanation of
Evidence:**

Currently, Vero Beach Elementary has 4 extended learning opportunities on campus, Rising K Grant, GEER Grant, Moonshoot Tutoring and Storytime, and Audobon Advocates program. Each program provided literature to parents and families and each family was given the opportunity to participate in the program. Attached are the permission slips that were sent home to families to notify them of the programs.

**Results of Action
Taken:**

Students who returned their permission slips were invited to participate in the program. Students that did not return the permission slips were strongly encouraged to participate when program coordinators contacted parents/families over the phone.

Reflection:

We will continue to advertise intervention and enrichment opportunities as they arise. We have a plan to create a Horticulture Club through our extended day program. Permission slips will be generated and provided to all parents and families.
