**Action Step #**  
**and Description:**

(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

1.7 – Balance Student Enrollment

Create and implement a plan to increase balance in student enrollment by race at each school to ensure African American students assigned to individual schools are consistent with the percentage of African American students represented in the District, within a range of plus or minus nine percentage points.

**Explanation of Evidence:**

Data Chat – Friday, October 9, 2020 – Agenda – Student Enrollment, by Subgroups: Baseline data was collected for September 4, 2020.

**Results of Action Taken:**

There is an increased awareness that the African American student population at Dodgertown exceeds that of the SDIRC by 37% and the White student population falls below that of the SDIRC by 36%. Plan to attend the SDIRC School Choice Expo and take advantage of the opportunity to attract students to increase racial balance reflective that of the SDRIC.

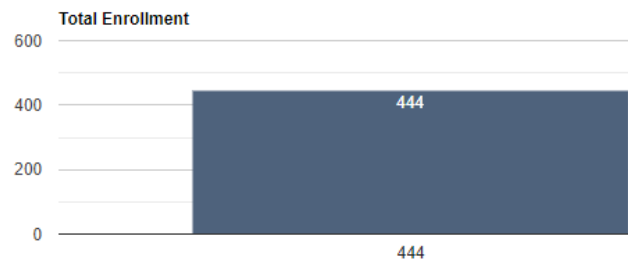

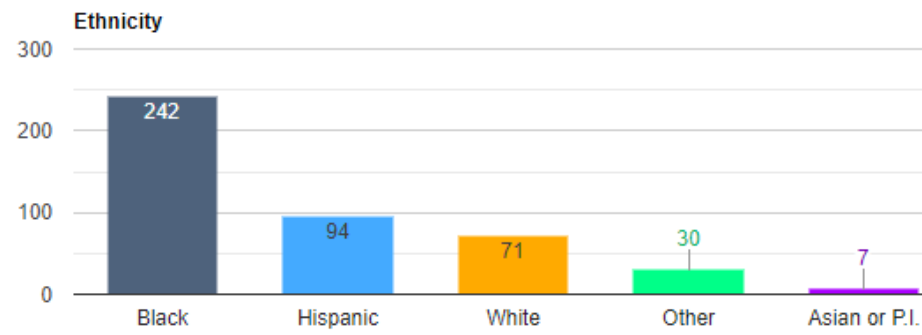

**Reflection:**

The African American student population and the White student population are about the same distance from the average in opposite directions. The White student population is under-represented at Dodgertown.
