Action Step 1.12 - Student Progress Monitoring

Create data review sessions with school principals to review subgroup data, which includes a discussion on the progress monitoring of African American students. Plans of action will be implemented after each session.

**Explanation of  
Evidence:**

District-level, school-level, grade-level/content area data chats  
and agenda                      Impact Reviews

**Results of  
Action Taken:**

All teachers in all grade levels have met with academic coaches and administration to review the data and create next steps. Attached is 1st grade levels i-Ready diagnostic results in ELA and attached is Grade 5 math and ELA Unit 1 data chat. These chats will occur after each diagnostic, unit assessment, or quarterly assessment. A plan of action for remediation, reteaching, enrichment, etc., will be created after each chat.

**Reflection:**

It is our goal that once we reflected upon where we were in comparison to other schools, these next steps will be reflected upon and evidenced in an increase in scores for all sub groups, moving forward.
