1.13 - Data Chats for Improved Student Learning

Explanation of Evidence:

Agenda: This document details the items discussed and the school staff members who were in attendance. Selected Screenshots: These screenshots are only a few samples of the data that was discussed during our Leadership Meeting. The screenshots specifically show students who have received 10 or more days of suspension (School Instructional Model). Then the next few screenshots show the same information broken down by race (African American, Hispanic, White) and ESE. The last screenshot shows the top Office Discipline Reports by staff members for 19-20.

Results of Action Taken:

As a result of the data review during our leadership meeting Sebastian River High School Leadership Team has created a Discipline Reduction Action Plan to be implemented for the 20-21 school year. Action Plan Steps: Student Success Coach will make weekly contact with top 30 priority discipline students from 19-20 to make connection - Weekly. Student Success Coach will review discipline record with top 30 priority discipline students and set monthly goals with students and a reward system to help encourage continued success – Monthly. All staff members will participate in ongoing professional development sessions monthly that will have components that address Social Emotional Learning, Culturally Responsive Practices, and Trauma-Informed Practices - Monthly. Class observations completed by Student Success Coach and Administration of high priority teachers with continued increase of referrals during 1st semester. These individuals will receive additional classroom support in classroom management, academic engagement, de-escalation strategies, etc – As Needed.

Reflection:

The Sebastian River High School Leadership Team has agreed to share this information within their departments. It was also agreed that we will continue follow up training for teachers and staff members who need more specific and targeted support.
