

Evidence of Progress Monitoring

School District of Indian River County
#SDIRCStrongerTogether

Date: 10/8/2020

School/Department: Wabasso School

Action Step # and Description: 1.13 Data Chats for Improved Student Learning
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: At the school level, Progress monitoring occurs every other week. We utilize Power BI, iReady, Unify, ULS and teacher records to determine progress toward goals.

Results of Action Taken: After each data chat we determine if any adjustments or interventions need to be made for each student and then we implement and monitor for effectiveness until the next data chat.

Reflection: Continuous, scheduled data chats by "Program" help to narrow the focus down to each student and collaboration and teamwork during that process lead to effective and efficient instructional practice.
