**Date:** 9/21/2020

**School/Department:** Sebastian River High

**Action Step  
(number and  
description):** 1.15-Improving Mastery of Standard

**Evidence of Progress Monitoring  
(Please include  
narrative/description  
of the action taken.  
Where applicable,  
please include all  
measurable data.)**

The documentation attached shows our school-wide meeting schedule to include bi-weekly collaborative planning sessions and bi-weekly Department meetings. During this meeting session teachers, department heads, instructional coaches, and administration identify specific standards from Unit Assessment data to determine what needs to be retaught to improve standards mastery. The document also shows a small snippet of our instructional coaches' calendar, where they coach, model, and provide feedback to classroom teachers.

**Results of Action Taken:** As a result, teachers feel better supporting in the planning process and with data analysis through coaching and collaborative planning.

**Reflection:** We will also continue to support our teachers and instructional coaches to ensure they have the support they need to effectively plan and analyze data, and also give them the support they need with data analysis. .
