

African American Achievement Plan Evidence of Progress Monitoring

School District of Indian River County
#SDIRCStrongerTogether

Date: 10/9/2020

School/Department: Sebastian River High

**Action Step
(number and
description):** 1.15-Improving Mastery of Standard

**Evidence of Progress
Monitoring
(Please include
narrative/description
of the action taken.
Where applicable,
please include all
measurable data.)**

The documentation attached below continues to show our school-wide meeting schedule to include bi-weekly collaborative planning sessions and bi-weekly Department meetings. During this meeting session teachers, department heads, instructional coaches, and administration identify specific standards from Unit Assessment data and formative assessments used within the individual classrooms to determine what needs to be retaught to improve standards mastery. The document also shows a small snippet of our instructional coaches' calendar, where they coach, model, and provide feedback and support to classroom teachers, which have been identified through walkthrough data by administration.

**Results of Action
Taken:**

As a result, teachers feel better supported in the planning process and with data analysis through coaching and collaborative planning.

Reflection:

We will also continue to support our teachers and instructional coaches to ensure they have the support they need to effectively plan and analyze data, and also give them the support they need with data analysis. .
