

Evidence of Progress Monitoring

School District of Indian River County

#SDIRCStrongerTogether

Date: 10/21/2020

School/Department: Alternative Center for Education

Action Step # and Description: 1.16_ACE_ Florida Early Warning Indicators - HCO, C&I, High Schools_091720
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: The School leadership team met on September 17th and will begin retrieving data for their first data chat meeting on September 24th. Principal Brown led the discussion by explaining to teachers that their data will be pulled from Unify/Power BI and tracked on a shared documented spread sheet. The spread sheet will be categorized by teacher, subject, subgroups and by student names. The leadership team also was provided information about the African-American mentorship program which will begin effective immediately.

Results of Action Taken: The School leadership team had a few questions revolving around the apparatus that we will utilize to store our data. One specific teacher was curious as to how to access subgroup data through Achieve 3000 and I-Ready. Principal Brown responded that using the baseball card system in Unify and Power BI will be our most powerful resource for information.

Reflection: The School leadership team was well informed with these key topics listed on the September 17th meeting agenda.
