

Evidence of Progress Monitoring
School District of Indian River County
#SDIRCStrongerTogether

Date: 10/16/2020

School/Department: Alternative Center for Education

Action Step # and Description: 1.18_ACE_ Credit Recovery - High Schools_101620
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: The Academic Advisor at ACE has met with 100% of our African-American students who are not meeting the graduations requirements. She has documented her meeting with each student and phone contacts made with their parents/guardians. 100% of our African-American students are currently enrolled in our credit recovery program called Edgenunity.

Results of Action Taken: The Academic Advisor and Principal are carefully monitoring African-Americans student progress and having individualized counseling sessions to help them to understand their graduation status.

Reflection: We will continue to re-evaluate each African-American student's academic once status a month and document parental contact via FOCUS and student advisory form.
