(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: Our Academic advisor creates action plans for all students assigned to the Alternative Center for Education. Her primary responsibility is to ensure that students are on track to graduate on time. She uses a specially designed high school credit audit sheet to determine whether or not students are on track to graduate. She also communicates this information to students, teachers, parents and administration.

Results of Action Taken: This measure of accountability has us to keep track of our African-American students progress toward graduation. Past data shows that the Alternative Center for Education help graduate 5 African American students during the COVID-19 pandemic.

Reflection: We will continue to monitor the progress of all African American students on a monthly basis to ensure that graduation is a reality.
