(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: Principal Brown and the Academic Advisor met on October 9th to discuss all of our African-American students who are currently failing course subjects, concordant scores for ELA and Algebra 1 GPA, and advanced course work. The Academic Advisor is also making contact with the parents of each of our African-American students.

Results of Action Taken: All African-American students have been informed of their current academic status and will continue to be monitored by Principal Brown and the Academic Advisor.

Reflection: Our goal is to graduate all African-American students which is our primary goal. Principal Brown and the Academic Advisor will continue to keep this as a high priority as we continue to collaborate throughout the year.
