Action Step #

and Description:
(If more than one
action step is
evidenced here,
please include all
action step #'s and
a brief description
of each.)

Action Step 1.25 - Universal Screening for Gifted Identification

School counselors will implement universal screening for gifted identification for all students prior to 4th grade across all District elementary schools utilizing procedures outlined in the state-approved District plan for increasing underrepresented populations in gifted.

**Explanation of
Evidence:**

As a principal, i-Ready diagnostic scores were given to the school counselor to screen students of all races for gifted. All teachers were trained on the gifted eligibility requirements. PowerPoint attached.

**Results of Action
Taken:**

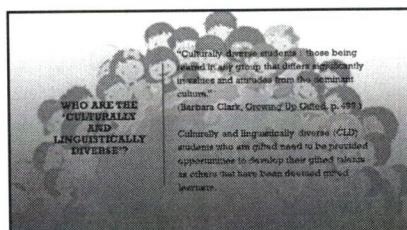

Resource specialist and school counselor went through the list of iReady scores and list provided by the district and added notes and information for all students. New school psychologist began testing students who are already on the list and parents have been contacted who are waiting for children to be tested. Notifications are also being sent out to parents of students who have been identified based on the iReady scores.

Reflection:

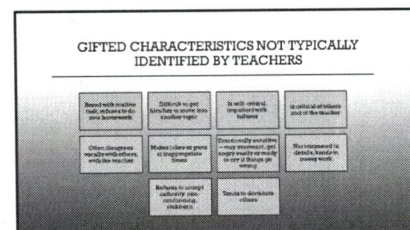

We are continuously going through the list of students and trained all teachers on the new district gifted guidelines.
