Action Step 1.25 - Universal Screening for Gifted Identification

School counselors will implement universal screening for gifted identification for all students prior to 4th grade across all District elementary schools utilizing procedures outlined in the state-approved District plan for increasing underrepresented populations in gifted.

**Explanation of  
Evidence:**

As a principal, i-Ready diagnostic scores were given to the school counselor to screen students of all races for gifted.

**Results of Action  
Taken:**

KBIT testing is still occurring and a spreadsheet from Student Services continues to be analyzed to determine who has qualified, did not qualify, and who is still eligible for testing. \*Nothing new has been completed since 10/20/2020. \*Gifted training completed on 10/20/2020 about characteristics and testing criteria with teachers. New school psychologist is still testing, along with school counselor.

**Reflection:**

It is our hope that we are equitable in our process to identify students into the gifted programs for all underrepresented populations. We are continuously analyzing student data and training all teachers on gifted guidelines.
