Action Step 1.25 - Universal Screening for Gifted Identification
School counselors will implement universal screening for gifted identification for all students prior to 4th grade across all District elementary schools utilizing procedures outlined in the state-approved District plan for increasing underrepresented populations in gifted.

**Explanation of
Evidence:**

As a principal, i-Ready diagnostic scores were given to the school counselor to screen students of all races for gifted.

**Results of Action
Taken:**

Currently, there are 11 students identified as gifted. Eight more have had the process initiated.
Nothing has changed since the 10/20 submission.

Reflection:

It is our hope that we are equitable in our process to identify students into the gifted programs for all underrepresented populations.
