

## African American Achievement Plan Evidence of Progress Monitoring

### School District of Indian River County #SDIRCStrongerTogether

**Date:** 9/21/2020

**School/Department:** Citrus Elementary

**Action Step  
(number and  
description):**

1.25 Universal Screening for Gifted Identification  
School counselors will implement universal screening for gifted identification for all students prior to 4th grade across all District elementary schools utilizing procedures outlined in the state-approved District plan for increasing underrepresented populations in gifted.

**Evidence of  
Progress  
Monitoring  
(Please include  
narrative/descripti  
on of the action  
taken. Where  
applicable, please  
include all  
measurable data.)**

Universal Screening Implementation Results  
During the 19-20 school year, many students were screened for gifted, and there are 11 students in the gifted program (6/11 white, 4/11 Hispanic, 1/11 other). The School Counselor will continue this work during the 20-21 school year, starting with our 3rd - 5th graders. As of September 15, we have 7 students who will be tested based on i\_ready reading results. Four are African American and 3 are Hispanic. Progress will be shared with administration.

**Results of Action  
Taken:**

A timeline will be created to help ensure we successfully implement the procedures in the district plan and increase underrepresented populations in our gifted program, as we have reading buddies that different classrooms pair up together (ex. K and 5th) that will begin once COVID subsides.

**Reflection:**

At this time, we have not implemented this, so there is no reflection.
