Universal Screening Implementation Results
During the 19-20 school year, 48 students were screened for gifted. Of those students, 20 are still moving forward with gifted evaluations with our School Psychologist (testing was postponed in 19-20 due to COVID). There are 4 students currently in the gifted program (4/4 White). The School Counselor will continue this work during the 20-21 school year, using initial iReady data to prioritize students. Progress will be shared with administration.

**Results of Action
Taken:**

A timeline will be created to help ensure we successfully implement the procedures in the district plan and increase underrepresented populations in our gifted program.
