Universal Screening Implementation Results
At this time, Vero Beach Elementary has two students identified as Gifted (50% white, 50% multiracial). The school leadership team, in conjunction with the classroom teachers have identified students scoring at the highest level on I-Ready at each grade level. This group of students will have a Referral for Assistance "RFA" created and will be screened for the gifted services once the necessary paperwork has been completed. Please see the attached document for demographic breakdown of the students who were identified.

**Results of Action
Taken:**

A timeline will be created to help ensure we successfully implement the procedures in the district plan and increase underrepresented populations in our gifted program.
