**Date:** 9/16/2020

**School/Department:** Curriculum & Instruction

**Action Step  
(number and  
description):** 1.32 Master Schedule

**Evidence of Progress Monitoring  
(Please include  
narrative/description  
of the action taken.  
Where applicable,  
please include all  
measurable data.)** Ongoing spreadsheet of the creation of the master schedule resource guide, master schedule work, meetings, trainings, and approval dates.

**Results of Action  
Taken:** Created a Master Schedule Resource Guide, met with school leaders to get feedback on the guide, trained on the guide, supported schools in the development of their master schedules and then reviewed those schedules in focus for accuracy. In early August, the C&I department responded to the Covid crisis by recreating the master schedule to support the three different instructional models. This work was fluid and based on changing schedules. We recently met with every school leader to conduct a readiness review and their master schedules. The C&I department will continue to monitor master schedules throughout the year using Focus.

**Reflection:** Although the monitoring of this document is due prior to the start of the school year, it will be important to review it periodically and at minimum at the semester break to ensure students are being schedule accurately.
