

Evidence of Progress Monitoring

School District of Indian River County #SDIRCStrongerTogether

Date:	10/19/2020
Date:	10/13/2020

School/Department: Alternative Center for Education

Action Step #
and Description:
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

1.28_ACE_College Readiness - High Schools

Explanation of Evidence:

Due to the small population of students enrolled, the Alternative Center for Education does not offer college readiness exams on site. Students are encouraged to register at a local testing center. Currently, there are only two African American students listed on the school roster who are able to take the college readiness exams. The academic advisor has discussed these options with the students and their parents, offered registration assistance and continues to encourage them to register.

Results of Action Taken:

At this point, none of the African American students have registered to test. One of the students has stated that he will register within the upcoming weeks.

Reflection:

We will continue to encourage students to register for assessments and stress their importance towards entry into college.
