(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: Students and parents are made aware of advanced coursework offerings on Edgenuity, as well as graduation pathways by the academic advisor during monthly conferences. The other areas of concern do not apply to the Alternative Center for Education due to the transient nature.

Results of Action Taken: We have enrolled African American students in advanced coursework via Edgenuity.

Reflection: Students are working through the advanced courses and we will continue to analyze student transcripts and performance to see who may be interested and able to handle the workload.
