1.36\_ACE\_ Articulation at Schools for Advanced Coursework - C&I, All Schools\_092120

**Explanation of  
Evidence:**

At the Alternative Center for Education we assess each student's grades to determine their fit for Advanced coursework. If a 9th grade African-American student is placed at our educational facility and is capable and interested in taking advanced leveled courses, we will ensure their placement and guide them toward successful completion. Our Academic advisor will use a graduation audit form to determine the student's academic strengths and weakness and appropriately advise each student toward a path taking advanced coursework.

**Results of Action  
Taken:**

As the principal, I will retrieve student data of those African-American students who were willing to take advanced level courses and monitor their progress toward success.

**Reflection:**

We will continue to introduce this process to our 9th grade African-American students and secure their placement in advanced level courses.
