

## Evidence of Progress Monitoring

### School District of Indian River County

#SDIRCStrongerTogether

**Date:** 9/21/2020

**School/Department:** Sebastian River Middle

**Action Step # and Description:** 1.36 Articulation at Schools for Advanced Coursework  
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

**Explanation of Evidence:** This document contains a list of all students in advanced classes, disaggregated by course, grade level, and race. The next document provides a summary of black student enrollment in advanced courses, and shows the percentage of enrollment in each of the advanced courses compared to the total number of black students enrolled, as well as the number of black students enrolled in advanced courses compared to the total number of students enrolled in advanced courses in the school. A list of supports provided to students for achieving academic success in advanced coursework is also provided.

**Results of Action Taken:** We have increased the percentage of black students enrolled in advanced courses significantly in the past several years. Due to continued monitoring and support of our students in advanced courses, 87% of our 8th grade black students and 86% of our 7th grade black students are currently in advanced courses.

**Reflection:** We will continue to monitor and place students in advanced courses as the year progresses. As our after-school tutoring program begins, and our A2 initiative will allow us to provide supports to more students, we will increase the number of black 6th graders in advanced courses.

### **Supports provided to students**

- Before school tutoring sessions – teachers are available in classrooms starting at 7:30 to assist students.
- Lunchtime tutoring sessions – teachers allow students to come to their classroom for assistance.
- After school tutoring sessions – teachers are available, both face to face, and virtual (through Teams) for tutoring sessions after school
- Three counselors (one for each grade level) monitor student progress in advanced courses and make calls home when student grades fall below a C.
- ESE Facilitators provide individualized support to students on their caseload through core classes.
- Teacher Assistants provide additional support as needed in classrooms
- Student Success Coach reviews student grades when and if a student is referred to his office.
- Assistant Principals review student grades when and if a student is referred to their office.
