

African American Achievement Plan Evidence of Progress Monitoring

School District of Indian River County
#SDIRCStrongerTogether

Date: 9/17/2020

School/Department: Storm Grove Middle

**Action Step
(number and
description):** 1.36 – Articulation for Advanced Coursework

**Evidence of Progress
Monitoring
(Please include
narrative/description
of the action taken.
Where applicable,
please include all
measurable data.)**

The documentation attached is a review of enrollment in advanced courses. The documentation compares the percent of the population as well as the percent in advanced classes. Administration and guidance counselors have reviewed the information. The documentation and review show a need to increase opportunities for Black or African American students in advanced courses. At this time it is too early to review grades and success. Grades will be reviewed through progress reports and quarter grades by teachers, guidance counselors and administration.

**Results of Action
Taken:**

Additional supports will be put in place for those Black or African American students who are struggling. These will include afterschool and homebase tutoring opportunities and mentors.

Reflection:

Our overall percent of the student population for Black or African American students is 11.3% while the percent of Black or African American students taking advanced classes is only 5.6%. This is an area that needs to be continually monitored to provide opportunities as well as support for our Black or African American students to be successful in advanced courses.
