

Evidence of Progress Monitoring
School District of Indian River County
#SDIRCStrongerTogether

Date: 11/18/2020

School/Department: Vero Beach Elementary

**Action Step #
and Description:
(If more than one
action step is
evidenced here,
please include all
action step #'s and a
brief description of
each.)**

1.36 Advanced Course Work
Action Step:

Implement articulation at all school levels to recognize and support students for advanced coursework, especially moving from 5th to 6th and 8th to 9th grades.

**Explanation of
Evidence:**

Student data chats continue to be held to place students in appropriate enrichment or intervention opportunities. Based on these data chats, we have identified students in grades 3rd-5th that would benefit from advanced course work and our Project Based Learning framework. From our data chats, we determined that 79 total students across all learning models were eligible for enrichment opportunities. Upon further review, 16% are Hispanic, 57% are White, 24% are AA/Black. And less than 3% are AI or MR.

**Results of Action
Taken:**

Students above the 50th percentile are maintaining their achievement levels while students who are at or just below the 50th percentile are increasing their Unit Assessments scores comparatively.

Reflection:

We will continue to monitor students in the enrichment groups as we take more district unit assessments.
