

African American Achievement Plan Evidence of Progress Monitoring

School District of Indian River County
#SDIRCStrongerTogether

Date: 10/15/2020

School/Department: Strategic Planning & Support Services

**Action Step
(number and
description):** 2.10 District will work with schools to conduct a review of In-School Suspension programs and support school's development of actions to improve outcomes.

**Evidence of Progress
Monitoring
(Please include
narrative/description
of the action taken.
Where applicable,
please include all
measurable data.)** A data monitoring tool was developed and piloted during Impact Review walkthroughs (9/29-10/13). SPSS staff met with Success Coaches in secondary schools to review their plans and procedures for ISS and provide initial feedback during Impact Reviews.

**Results of Action
Taken:** Refinement of the data monitoring tool is in progress. SPSS staff will create a brief ISS best practices document for school teams. SPSS staff will meet again with Success Coaches to review their data and refine, as needed, their school-specific ISS actions plans. The district SPSS team will convene to discuss ongoing school implementation monitoring plans.

Reflection: School teams will benefit from clarity regarding the role of their Prevention & Intervention Specialists regarding Tier 1 enhancement (i.e., prevention) and ISS development; greater cohesion of the various frameworks used to support tiered intervention is needed.
