**Action Step # and Description:** 2.10\_ACE\_ In-School Suspension - HCO, SPSS, All Schools\_092220  
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

**Explanation of Evidence:** All instructional staff members have gone through the Code of Student Conduct and are privy to the leveled interventions that must take place to ensure consequences are equitable and fair to all students. We will also work through the Culturally Responsive Teaching program in the month of September to create strategies that help us to avoid using overly punitive measures against our African-American students. Our school PD's will help to influence a growth mindset for better cultural school climate.

**Results of Action Taken:** The results of these action have shown that there are zero instances of in-school suspension.

**Reflection:** We will continue to monitor our progress and re-emphasize the importance of building relationships toward school success as we progress through the school year.
