Explanation of Evidence: Quarterly monitoring of implementation of school action plans
Review of In-school suspension programs during impact reviews
No PD Training Rosters and Materials since August 26 on Restorative Practices

Results of Action Taken: Currently, there are no suspensions nor ODR's for Citrus Elementary. We will continue to work on strategies learned from our school wide focus last year during our PD's of Trauma Informed Care, working with children who have adverse childhood experiences, and learn how to deal with problems through talking. This is the goal of the restorative practices PD. We will monitor ODRs to see if this has helped.

Reflection: PBIS monthly meetings continue to monitor our progress. We are currently rewarding our students for the positive choices they are making in the Stinger Shop, using their Class Dojo points.
