Action Step 2.10 - In-School Suspension

District will work with schools to conduct a review of In-School Suspension programs and support school's development of actions to improve outcomes.

**Explanation of Evidence:**

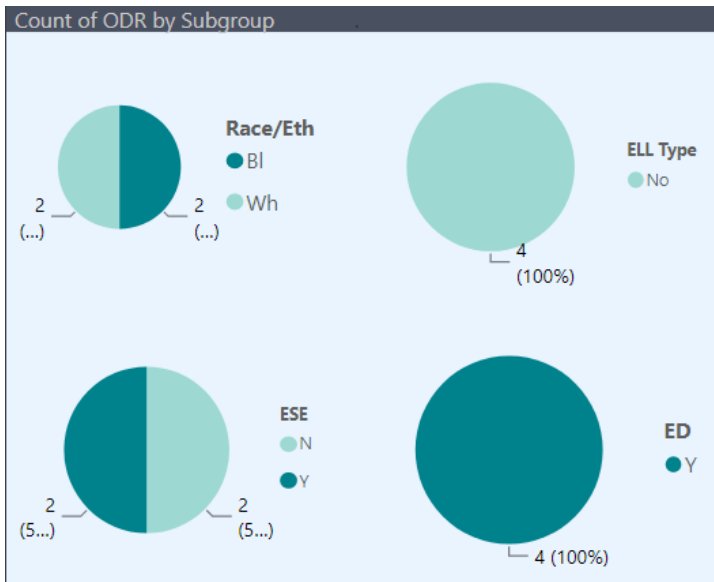

No PD Training Rosters and Materials since August 26 on De-Escalation on Tuesday, August 18th. Behavior data on Minor Incident Reports and Office Discipline Referrals, including breakdown by race, gender and location, is monitored bi-weekly by the PBIS Core Team using the Power BI System.

**Results of Action Taken:**

Four Office Discipline Referrals (ODR) have been submitted in the 2020-2021 school year at IRA. The breakdown by race, ELL type, ESE and ED is below for these four referrals. One ODR resulted in one day of In-School Suspension. The breakdown for that suspension by race/ethnicity is below.

**Reflection:**

A continuation of De-Escalation Strategies and Culturally Responsive Practices with all faculty will continue within the Tier 1 framework; implementation, fidelity and success will be monitored by ODR and ISS data.
