

**School District of Indian River County**  
**#SDIRCStrongerTogether**

**Evidence of Progress Monitoring**

**Date:** 10/23/2020

**School/Department:** SCJH

**Action Step #**  
**and Description:** 2.10

(If more than one action  
step is evidenced here,  
please include all action  
step #'s and a brief  
description of each.)

**Explanation of  
Evidence:** SCJH has utilized ISS to avoid having students out of school. Though only four students have had to utilize it, it has been beneficial.

**Results of Action  
Taken:** Students still have access to their teachers and can be invited to class upon teacher request. Students can also ask for and receive assistance since they are in the building.

**Reflection:** ISS works well because it is an opportunity to mentor and direct students and help to change behavior. Because we have online connection to teachers right now students also do not miss out on instruction.
