

Evidence of Progress Monitoring
School District of Indian River County
#SDIRCStrongerTogether

Date: 10/20/2020

School/Department: Sebastian River Middle

Action Step #
and Description: 2.9 Student Peer Mentorship
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: No additional evidence since last report.

Results of Action Taken: We do have over 100 students returning to campus on October 26 from virtual or transitional instructional models. After the master schedule has been revised and we have created new student schedules, each counselor will review the grades of these virtual or transitional students coming into our campus and determine which students need supports, based on whether it is a matter of "will or skill."

Reflection: We have found that this program is very beneficial to both the mentors and mentees. The mentors have asked to use their lunch time (which is often different from their mentee's) to assist with tutoring as well. Not only does this improve the academic achievement of our students, but it also builds community among them as well.
