**Explanation of Evidence:** Evidence includes a copy of an email sent to an Assistant Principal from a School Counselor explaining the current progress on the Mentoring Program. Included in the evidence is the data which mentions that 10 students have been identified as needing mentors and 10 mentors who have agreed to give up their PE class to assist their peers.

**Results of Action Taken:** After the training and clearance from the teachers, peer mentoring will be starting this week. We are excited for this program to begin.

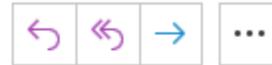

**Reflection:** .Recognizing the need for additional mentors, we have decided to brainstorm with our team ways to involve additional students in this program, possibly during the 30 minutes before school starts, while students are eating breakfast.

Hi...

I have met with all the Mentors today and several of the Mentee's. This afternoon I need to contact the teachers, Failla, Tatro and Jefferson, to get the official ok from them...Failla and Tatro have already said yes. Tomorrow I will see the rest of the Mentee's and work on the schedule changes for the Mentors and make their badges. I plan on introducing the Mentee's to their Student Mentor on Wednesday. Thursday will be their first day in the classrooms.

if you need numbers and race here is the breakdown...  
Mentors... 1 white , 4 Hispanic, 5 African American

Mentees... 1 white, 5 Hispanic, 4 African American

I hope that this is ok....
