

**Evidence of Progress Monitoring**  
**School District of Indian River County**  
**#SDIRCStrongerTogether**

**Date:** 10/9/2020

**School/Department:** Vero Beach Elementary

**Action Step #** Action Step 2.10 – In School Suspension

**and Description:**

**(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)**

District will work with schools to conduct a review of In-School Suspension programs and support school's development of actions to improve outcomes.

**Explanation of Evidence:**

At Vero Beach Elementary, In-School suspensions are not utilized at this time. When students are presenting challenging behaviors, the school counselor or school administration mentors the student and returns them to class as soon as possible.

**Results of Action Taken:**

- Currently, there are no suspensions at Vero Beach Elementary. We do not have any behavioral incidents that have warranted extended periods of time outside of classroom instruction.

**Reflection:**

We will continue to work on strategies learned from our school wide focus during our professional learning sessions centered around Trauma Informed Care, Implicit Bias, working with children who have had adverse childhood experiences, and learn how to manage challenges through collective problems solving which includes the student. VBE is looking into professional learning around restorative practices that can be used in the classroom. This will be implemented during the 2nd semester.
