

School District of Indian River County African American Achievement Plan 2021-2022 Assurances of Implementation of Strategies/Action Steps

Alternative Center for Education

2021-2022 Quarter 3

In August 2021, the School District of Indian River County initiated the implementation of the 2021-2022 African American Achievement Plan. To review and ensure compliance with the progress of action steps associated with the African American Achievement Plan, the District provides quarterly updates related to action steps accomplished and quarterly outcomes. The attached documentation provides school-level evidence of progress towards accomplishing action steps incorporated into the 2021-2022 African American Achievement Plan. Documentation requirements have been designed to honor the full intent of the developed African American Achievement Plan while optimizing the efficiency and effectiveness of outlined actionable steps. To support ongoing accountability of action step implementation, documentation, and progress the following assurances have been verified by the principal of each school:

- Action steps included within the 2021-2022 African American Achievement Plan have been implemented with consistency and purpose to eliminate the achievement gap.
- Progress related to action steps has been monitored at designated intervals (e.g., monthly, quarterly) outlined in the African American Achievement Plan.
- Data reviews have been conducted to identify areas of strength and concern and disaggregated data will be provided upon request.
- Progress related to the elimination of the achievement gap has been monitored in an ongoing way and needed modifications have been made as identified.

Reflection

The Alternative Center for Education currently has 72 students enrolled which has increased by 52% since the 2 quarter. 11 students have transition to their home school (December & March) and 3 have returned to ACE due to poor behavior. Although, our suspensions have increased this quarter we are actively working with parents and students on how to educate them on effective ways to manage and control those challenging behaviors. We are steadly increasing our postive rewards for those students who are making the right choices and showing kind gestures throughout the day. The ACE teachers and staff went through a professional development workshop on "Effective Ways to Commnicate with Parents". We continue to build meaningful relationships with our students and strive toward high successful academic achievement as we advance into the 4 quarter of the school year.

Strategy AAAP 1.1 (ALL SCHOOLS): Monitor the curriculum matrix that integrates African American History teachings in grades K-12 and is included in the curriculum map.

dollar value). By participating in this Contest, each participant agrees to be bound by these Official Rules and to the decisions of the Sponsor and the judges selected by the Sponsor, which are final and

binding on all matters relating to the Contest. ---- Other Assignments Black History Month is an annual observance originating in the United States, where it is also known as African-American History Month. It has received official recognition from governments in the United States and Canada, and more recently has been observed in Ireland, and the United Kingdom. It began as a way of remembering important people and events in the history of the African diaspora. It is celebrated in February in the United States and Canada, while in Ireland, and the United Kingdom it is observed in October. The precursor to Black History Month was created in 1926 in the United States, when historian Carter G. Woodson and the Association for the Study of Negro Life and History announced the second week of February to be "Negro History Week". This week was chosen because it coincided with the birthday of Abraham Lincoln on February 12 and that of Frederick Douglass on February 14, both of which dates black communities had celebrated together since the late 19th century. Black History Month was being celebrated all across the country in educational institutions, centers of Black culture and community centers, both great and small, when President Gerald Ford recognized Black History Month in 1976. during the celebration of the United States Bicentennial. He urged Americans to "seize the opportunity to honor the too-often neglected accomplishments of Black Americans in every area of endeavor throughout our history". Strategy AAAP 2.1 (ALL SCHOOLS): Implement data-driven problem solving and provide needs-based supports to schools to specifically address identified discipline and achievement disparities.

DISCIPLINE	
Date(s) of Problem-Solving Session(s) for Discipline:	Monthly

Summary of Action Steps/Plan Based Upon Problem Solving Session(s) for Discipline:

During our Faculty/Staff meetings we always discuss issues that revolve around student's who have challenging behaviors, which could potentially result into major infractions. All faculty members are given an opportunity to have an active voice in these discussions. After all concerns and recommendations are documented the MTSS team conducts a problem solving session and in turn presents viable solutions to the entire school community.
