

# African American Achievement Plan 2023-2024

## Assurances of Implementation of Strategies/Action Steps

### Quarter of the School Year: 1

### District Office: Superintendent

In October 2023, the School District of Indian River County initiated the implementation of the 2023-2024 African American Achievement Plan. To review and ensure compliance with progress of action steps associated with the African American Achievement Plan, the District provides quarterly updates related to action steps accomplished and quarterly outcomes.

The attached documentation provides school level evidence of progress towards accomplishing action steps incorporated into the 2023-2024 African American Achievement Plan. Documentation requirements have been designed to honor the full intent of the developed African American Achievement Plan while optimizing the efficiency and effectiveness of outlined actionable steps.

To support ongoing accountability of action step implementation, documentation, and progress the following assurances have been verified by the principal/supervisor of each school/location:

- Action steps included within the 2023-2024 African American Achievement Plan have been implemented with consistency and purpose to eliminate the achievement gap.
- Progress related to action steps has been monitored at designated intervals (e.g., monthly, quarterly) outlined in the African American Achievement Plan.
- Data reviews have been conducted to identify areas of strength and concern and disaggregated data will be provided upon request.
- Progress related to the elimination of the achievement gap has been monitored in an ongoing way and needed modifications have been made as identified.

These assurances have been reviewed and verified on November 17, 2023: \_\_\_\_\_ CM \_\_\_\_\_ (initials)

### Quarterly Reflection

(Please summarize any reflections based upon action step implementation for the quarter. What are areas of progress or opportunities for growth? What are next steps based upon work accomplished?)

The Department of Communications will continue to support all offices related to communication to our students, families, and community members regarding school choice and transportation availability, and the range of programs and offerings available throughout our district. This includes, but is not limited to, updates on website and social media materials, information shared with leadership in the Collaborator, School Messenger Calls, and highlight videos.

### School Choice Videos

Through our world class public education system, alongside of our premier instructional staff, we are proud to offer our students a wide array of programs that will inspire and empower all students to maximize their full potential. We are revolutionizing school choice in Indian River County by eliminating the traditional "one-size-fits-all" district model and providing equitable enrollment opportunities and access for all students to all of our schools; allowing families to choose the school with the programming that best meets the needs of their student.

Meet each school principal below and share with them the incredible school choice offerings that are now taking place on each campus.
