

African American Achievement Plan 2023-2024 Assurances of Implementation of Strategies/Action Steps

Quarter of the School Year: 3

School: Fellsmere Elementary

In October 2023, the School District of Indian River County initiated the implementation of the 2023-2024 African American Achievement Plan. To review and ensure compliance with progress of action steps associated with the African American Achievement Plan, the District provides quarterly updates related to action steps accomplished and quarterly outcomes.

The attached documentation provides school level evidence of progress towards accomplishing action steps incorporated into the 2023-2024 African American Achievement Plan. Documentation requirements have been designed to honor the full intent of the developed African American Achievement Plan while optimizing the efficiency and effectiveness of outlined actionable steps.

To support ongoing accountability of action step implementation, documentation, and progress the following assurances have been verified by the principal/supervisor of each school/location:

- Action steps included within the 2023-2024 African American Achievement Plan have been implemented with consistency and purpose to eliminate the achievement gap.
- Progress related to action steps has been monitored at designated intervals (e.g., monthly, quarterly) outlined in the African American Achievement Plan.
- Data reviews have been conducted to identify areas of strength and concern and disaggregated data will be provided upon request.
- Progress related to the elimination of the achievement gap has been monitored in an ongoing way and needed modifications have been made as identified.

These assurances have been reviewed and verified on **March 22, 2024: RJEM** (initials)

Quarterly Reflection

(Please summarize any reflections based upon action step implementation for the quarter. What are areas of progress or opportunities for growth? What are next steps based upon work accomplished?)

At Fellsmere Elementary School (FES), African American students have decreased by 11 students since December 2023. 6 of these families moved out of state and 5 of them moved within the district. When polled, families moving within the district, had better housing opportunities elsewhere within Indian River County. Most of these families have come from the south area of our district for several reasons. Also, between February and March of this year, 3 new African American Families have registered in our school.

In addition to classroom instruction, FES had its Pro-Camp (Academic) and Pro-Sports (Athletic) after school camps where we worked with about 120 students to close the achievement gap and provided other opportunities to build athletic skills.

Night of Enchantment was a community celebration where more than 200 families came together to experience the magic of our students and staff performances.

African American Achievement Plan 2023-2024 Assurances of Implementation of Strategies/Action Steps

Next steps: continue to track FES African American population and continue to exercise an exit interview to provide constant feedback in why the families have chosen to move out of the City of Fellsmere or inside in some cases.

The mission continues!
