

### **Action Step 1.28**

#### **Evidence of Completion**

##### **Indian River Charter High School**

Each year, administration tracks several metrics which contribute to continued success including performance on mandated State assessments and graduation rate. For the 2018-2019 school year, the graduation rate was 94.8% which was higher than the State average of 86.9% by a significant margin. In addition, 1.2% of students graduated with certificates of completion, which is significantly less than the State average of 2.1%. In addition, 100% of African American students graduated on time in the 2018-2019 school year. Administration will continue to monitor these metrics using the PK-20 Education Information Portal through FLDOE. The goal for the 2019-2020 school year is to exceed 95.5% for the overall graduation rate and maintain a 100% graduation rate for African American students.
