

VBHS's Monitoring of Graduation Rates

1.28 Develop a plan to monitor graduation rates at each high school.

Narrative

Graduation Rates are continuously monitored all school year. Counselors have been and will continue to meet with seniors for “graduation checks.”

Data

| | Graduation Rate | VBHS AA Students | State Average for AA Students | Difference |
|---------|--------------------|---------------------|-------------------------------|------------|
| 2014-15 | 81.6 | 71.8 | 68 | 3.8 |
| 2015-16 | 89.4 | 76 | 72.3 | 3.7 |
| 2016-17 | 91 | 86.6 | 74.8 | 11.8 |
| 2017-18 | 93.2 | 85.5 | 81.5 | 4 |

Action Plan

Vero Beach High School will continue to monitor graduation rates for African American students and will continue to provide resources to assist African American students in graduating. These resources include access to credit recovery, counseling services, tutoring services, assistance with State testing mandates, etc. Additionally, the school’s guidance counselors will continue quarterly meeting with students as stated in this plan, and will continue to provide community outreach opportunities to discuss post-secondary opportunities as well as financial guidance and assistance.
