

## March Traits: Collaboration \& Cooperation

Collaboration and cooperation are our traits for March.

## Quote of the Week

## *Optional Activity*

Create a thinking map about cooperation or collaboration. Thinking Maps are due to Mrs. Finnegan on Tuesday, March 17th. You will earn lunch on stage on Thursday, March 19th (this date may change, but all students will be celebrated who complete the activity).

## Thoughts for the Month

Displaying teamwork, trust, inspiration, and support

## Monthly Celebration

Students of the month will be recognized on Tuesday, March 31st at 2:30p. Letters will be sent home prior to Spring Break. Our guest speaker will be Indian River County's Superintendent, Dr. David Moore!

Beachland's Mission: To challenge every student to reach their highest potential in a safe, caring environment.

## Design a Thinking Map about Collaboration and/or Cooperation

Here are five maps of our eight maps to help get you started... Or be creative and design your own.

1. Circle Map - Define collaboration or cooperation. Define how collaboration is used a school or at home. Define how you cooperate at school or at home.
2. Tree Map - Classify ways to collaborate. Who collaborates? How do you collaborate? Where do you collaborate? When do you collaborate? Why do you collaborate?
3. Bubble Map - Describe collaboration. OR Describe cooperation.
4. Double Bubble Map - From a story you have read, compare and contrast a cooperative character to another character. Do they share similar traits? How different are they?
5. Multi-Flow Map - Think about the causes and effects of being cooperative... As a FIN-tastic Shark Achiever, how are you cooperative?

The March of Dimes

For the month of March, we will be collecting monetary donations. All classrooms have a plastic bag to support the March of Dimes.

# On March 18th, students can have a crazy/wacky hair day for a monetary donation to support the March of Dimes!
