Hello!

We arrived right at the end. Students washing hands, etc.

1. Helen, if you can visit Sandy to see how she has written her Learning Target (LT) and Standard will be a good visual. I know you will catch it and be able to tweak yours in a second.
2. Science LT should begin to emerge in all your classrooms.

Thanks!

Hello!

Alvarez: supporting a few students before leaving.

Meaghan: Learning Target on spot and align with student work. Monitoring Formative.

Paula: Observing/assessing students work in laptops

Students: they knew that their work needed to be shown in the whiteboard.

Hello!

Love the Learning Targets in Math and ELA. Also a learning target in Science will be awesome since early this morning, I experienced your LT in action during Math. wait to see it next week.

Classroom routines and student sense of community : on target.
