School/Department: Glendale Elementary

**Action Step
(number and
description):** 1.3 African American History Matrix

**Evidence of Progress
Monitoring
(Please include
narrative/description
of the action taken.
Where applicable,
please include all
measurable data.)**

We will be conducting the first Impact review on October 9th. During our walkthroughs we will be using the Impact Review Collection Tool that connects to our School Improvement Plan and our four areas of Focus. The African American Achievement Plan will also be discussed, and data collected during classroom walkthroughs will guide the support as it connects to this action step. The Matrix has been shared with teachers and coaches on September 25th at the Grade Chair Meeting.

**Results of Action
Taken:** TBD-These actions will be reviewed during the Impact Review and at our next team meeting on October 9th.

Reflection: The importance of integrating African American History into the fabric of a curriculum as opposed to a celebratory month is something we will continue to work on. The texts, pictures and people our students see will help integrate and connect our African American Students, and all students to these important pieces of our history.
